The screenshot shows the OpenGameArt.org website with the URL https://opengameart.org/content/fantasy-inventory-icons. The page title is "FANTASY INVENTORY ICONS". On the left, there's a sidebar with author information (Ragewortt, Thursday, May 3, 2018 - 20:23), art type (2D Art), tags (ARMOR, FANTASY, ICONS, MELEE, WEAPON, HELMET, INVENTORY), license (OGA-BY 3.0), collections (Don't list this collection in the archive, RPG, MQ2 suggested, ui, UI Elements), favorites (14), and sharing options (Q, S, X+, T, F). The main content area features a preview section with a grid of icons and a larger image of three characters standing in a room. Below the preview, there's a description of the icons as unique fantasy-style inventory items. A list of features follows, including 192x192 PNG files, transparent backgrounds, colored backgrounds, and layered PSD source files. A list of icons includes Armor, Arrows, Boots, Bows, Gloves, Helmet, Melee Weapons, and Shields. There are links to other stuff at http://bit.ly/hippogames, social media links for Facebook and Twitter, and a file download link for FantasyIconPack.zip (22.2 Mb [823 download(s)]). At the bottom, there are log in and register buttons.
